

Environmental Policy Statement

Environmental Policy Statement

KH Engineering Services is committed to reducing the impact of its activities on the environment and assisting our customers in both rail and non-rail environments by encouraging them to use sustainable resources.

To this end the Organisations has implemented an environmental management system to continuously improve its environmental performance. The nature of the activities carried out in the Company is such that little adverse effect is created on the environment. However, there are measures that can reduce this effect.

In order to meet this commitment, the Organisation will pursue the following objectives:

- To ensure compliance with all applicable environmental legislation and regulations
- To identify how the task concerned and activities impact on the environment to enable us to develop and implement control measures to eliminate or minimise the effect by the best available techniques not entailing excessive cost
- To reduce emissions and prevent pollution
- To improve waste management practices and document and record all Waste Transfer Notes and Disposal certificates relative to our task
- To reduce consumption of natural resources and maximise efficiency in our office environment
- To minimise noise and other nuisances by being aware of the environmental effects to our neighbours
- To assist in the management of ecology
- To continuously assess its environmental performance by setting and monitoring environmental objectives
- To assist in the investigation of environmental incidents in which it is involved on operational sites
- To make its environmental information available to interested parties and monitor outside contractors and requesting, via the approved supplier procedure, copies of their accreditations and associated policy statements

The necessary personnel and financial resources will be allocated to assist the Organisation in meeting its environmental objectives and targets that will be reviewed as appropriate. In addition, the Organisation will continue to raise the levels of environmental awareness throughout its workforce and to promote this awareness to its customers and suppliers.

The Organisation is committed to operating its Environmental Management System in a manner that attains and sustains compliance to the international Environmental Management Standard ISO 14001.

Signed: 

Mr. Darren Bates

Date: 22nd October 2020

Managing Director

The Managing Director shall review and update this policy statement whenever necessary and as a minimum will review its contents annually.
